The fabric requirements is for making this project as shown in the photograph. Before cutting review the placement of colours in case you want to make you own choices.

POCKET PANEL

Simple Log Cabin pattern is used for the pocket panel. Seam allowance is 1/4" unless stated otherwise.

Star with 3 1/2" square from SUNNY AFTERNOON and 1 3/4" strips around a center piece, circling it until you reach the finished block size. Press seams away from the center square. Refer to diagram below for placement.

LOG CABIN DRAWSTRING BAG

Take 14 x 14" piece from PICAILLY POPPY. Stitch it together with pocket panel at the top long edge with right sides together. Cut Bosal Fusible to the size and iron it in between the 2 layers. Quilt pocket panel with horizontal lines. Square the quilted pocket panel.

BAG'S BODY

Take 13½" x 16" pieces for bag's front and back from CARNATION CARNIVAL. Cut Bosal Fusible Batting to the size. Iron them together and quilt as desired. We quilted with 45 degrees lines.

CASING STRIPS

Fold in the short edges of the casing strips to make it 10" long; then press the strips in half lengthwise.

Center the casing along the top edge of the bag's panel; keep all the raw edges aligned. Sew at ¼" from the top edge.

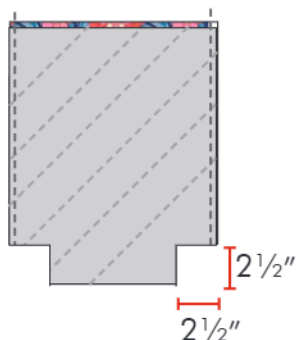

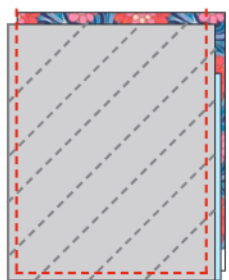

Place pocket panel onto the bag's front panel, lining with the bottom edge. Pin it in place.

Place bag's front and bag's back panels together with right sides facing and stitch along sides and bottom edge with ⅜" seam allowance.

BOXED BOTTOM

Cut out 2 ½" squares from the bottom corners of all the layers. Close the bottom corners, aligning the raw edges and matching the side and bottom seams. Sew at ⅜" from the edges.

LINING

Take two lining pieces from BLOOMSBURY SILHOUETTE. Place them right sides together and sew along left, right and bottom edge with 3/8" seam allowance, but leave a gap in the bottom seam (wider seam allowance will help to compensate for thickness of the batting on bag's exterior).

Place the exterior bag into the lining – right sides together. Align the top edges, pin and sew at 3/8" from the edge. Turn the bag right side out through the gap in the lining. Push the lining inside the exterior bag.

Topstitch along the top edge, at 1/4" from the edge.

DRAWSTRINGS

Make drawstrings from 32" x 2 1/2" strips from PORTOBELLO PAISLEY. Using a safety pin, pull one of the strings through both casings and tie the ends. Repeat with the other string but this time, start at the opposite side of the bag; in this way, you will end up with knots on both sides of the bag.
